

DustCap® Rail Car Side Release

Loosen the Grip of Cold on Coal.

Transporting coal by rail car has its challenges. One of the toughest is preventing coal from freezing to the sides of rail cars or into a solid mass in frigid winter weather.

Arclin's DustCap® Rail Car Side Release offers a safe, simple and cost-effective way to free coal loads from railcars, in temperatures as low as -47 Celsius. Our biomass product is made from by-products of wood processing, so it's environmentally friendly and renewable. And because it's domestically sourced you get an affordable product with a reliable supply stream.

Arclin's DustCap® Rail Car Side Release:

- Prevents coal from freezing to the sides of rail cars or to itself in temperatures as low as -47 Celsius, depending on application rates
- Sprays for easy cleanup and works with existing equipment without the risk of corrosion
- Domestically sourced, this biomass product is derived from waste product from wood processing, making it a less expensive alternative to other methods of freeze control and providing a greener alternative to other petroleum-based products
- Is E-Gen®-designated for enhanced environmental performance

Mining Possibility.

Coal transport can be a dirty business. Arclin's DustCap® Dust Suppression products are engineered to reduce the dust and dirt inherent in the business of mining and moving this vital resource. From suppressing coal dust during rail transport to reducing dust clouds on haulage roads, and in underground mines, Arclin offers a full suite of high-performing, cost-effective solutions.

We're ready to address your next challenge.

The Ingredients of **Green.™**

DustCap® Rail Car Side Release

Arclin's DustCap® family of dust suppression and freeze control products offers cost-effective, environmentally friendly solutions the challenges of ensuring safe working conditions and reducing environmental impacts on air and water in mining operations.

The full DustCap® suite:

-  DustCap® Rail Car Side Release
-  DustCap® for Underground Mining
- DustCap® Railcar Topper
-  DustCap® for Haulage Roads
-  DustCap® Freeze Control and Ground Conditioning

Available in Canada exclusively from  **BRENNTAG**
